One Trip Per Year

Grand Canyon National Park strictly enforces a "one trip per year" rule. Hatch River Expeditions is not permitted to accept a reservation from anyone who has or will participate in any other commercial or private, partial or full Grand Canyon river trip within the same calendar year.

Physical Requirements

There's a Hatch river trip for just about everyone. We have hosted guests from 9 to almost 90. But, for some it can be challenging to adjust to environmental conditions, including heat, cold, elevation, weather, water and sand. If you have factors that could make a trip more difficult including age, weight, lack of conditioning, and heart or other diseases, consider talking to a doctor before committing. Please review our Visitor's Acknowledgement of Risk form for more specific information.

Here are some minimum requirements you must be able to meet to safely enjoy your journey:

- Able to fit into a Type 5 Life Jacket (max chest size 58")
- Ability to hold onto the raft while going through whitewater. Ropes are provided throughout the raft for hand holds.
- Capable of climbing onto and off of the raft. There will be about a 2 foot step up/down from the raft to the beaches. Please note that some surfaces may be wet and slippery.
- Comfortable walking on uneven, rocky terrain. Trails in Grand Canyon are not regularly maintained. Also sand beaches are the norm for camp sites so make sure you are comfortable walking across the sand inclines.
- Able to carry your own personal gear to and from camp. The maximum weight for personal gear is 25 pounds.

Note: We are happy to accommodate a wide range of physical challenges and medical conditions. Neither previous whitewater experience nor swimming ability is required. Please contact our office so we can assist you personally with any concerns.

Pre-Trip Conditioning

Preparing in advance for the desert terrain can enhance your enjoyment as well as your ability to see some of the hidden gems the Canyon has to offer. Hiking trails are not maintained and include elevation gain, rocky terrain and even stream crossings. It's worth it to see that spectacular waterfall or phenomenal slot canyon. Remember that all hikes are optional.

Conditioning before your trip will also aid in the camping experience. Most campsites are either sandy beaches or rocky ledges. Guest are responsible for carrying their own gear as well as setting up camp so being physically fit will enhance this experience tremendously.

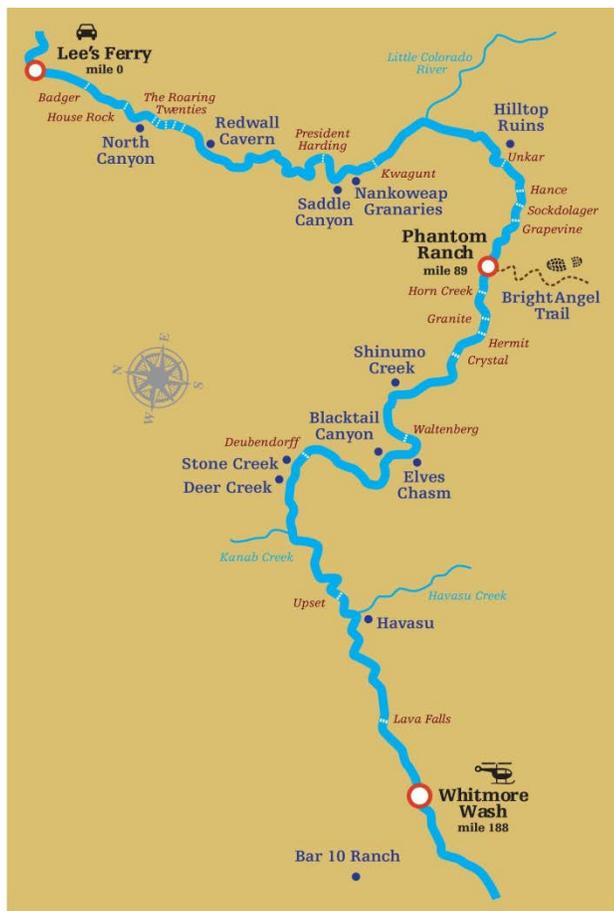

5 Great Pre-Trip Conditioning Activities:

1. Find and hike local trails that have elevation gain and loss
2. Use the incline feature on machines at your local gym (or for a low tech alternative, take the stairs wherever you go)
3. Walk and hike on uneven terrain to prepare for rocky trails
4. Purchase hiking shoes or cross training shoes and hiking sandals and break in ahead of time to avoid blisters
5. Get in the habit of drinking water throughout the day – it's good for you every day, but mandatory on the river!

DAYS 1 & 2 (cont'd)

Have lunch on a beautiful white sand beach and experience your first rapids of Soap and Badger Creek, House Rock and the Roaring Twenties.

You will pass below Vasey's Paradise and frolic in beautiful Redwall Cavern. Hike to ancient Anasazi granaries or up side canyons to spectacular sights.

DAYS 3 & 4

Float and frolic in the warm Little Colorado River and use Hance Rapid to prepare yourself for the larger rapids ahead. Horn, Granite, Hermit and Crystal are next so be prepared for some impressive waves and epic splashes. You may stop at Phantom Ranch or continue past for some exciting side hikes. Elves Chasm is the perfect place to make a splash. Enjoy Deer Creek Falls or hike up to the spectacular Patio above to find a hidden green oasis.

DAYS 5 & 6

Relax and enjoy the turquoise waters at the famed Havasu Canyon where you will experience a true paradise. Play in the pools or hike up the creek for more sights. Unwind at camp and enjoy our home cooked meals, especially those Dutch oven brownies!

DAY 7

Helicopter flights to Bar 10 Ranch begin around 7:00am, so be prepared to see the sights from above. Lounge around at the ranch or, (if time permits) take a quick shower before your flight departs to take you back to Las Vegas or Marble Canyon.

Camping with Hatch

We're here for you! Hatch trips are designed to accommodate everyone from the most experienced hikers to first time campers. We even provide you with camping gear (a camp chair, tent for 2, and "sleep kit" including a cot) so all you have to bring is your personal items.

Sandy beaches are typical campsites in the canyon, but each location is different, so be prepared for a different experience and view every night. Tent and sleeping sites are set up by guests and spread among the trees or across the open beach.

We set up kitchen near the boats so you can help unload then camp out in chairs nearby to take in the delicious aromas of guide-prepared meals.

Bathrooms:

Toilet facilities are set up shortly after arriving in camp in a secluded area, and are the last thing taken down in the morning. The toilets are dry, meaning that everyone urinates in the river and all other "business" is taken care of at the toilet.

Trip Overview (cont'd 2)

Just a Typical Day on the River...

Days on the river begin at dawn or earlier. Your boatmen will use the “coffee call” as the first sign that it is time to wake up. Smells of delicious breakfast may creep into your tent luring you out and persuading you it is time to crawl out of bed. Hot breakfasts are the norm with eggs cooked to order and a continental breakfast option as a lighter fare.

After breakfast it is time to pack up camp and get moving. Form a “duffel line” with your fellow guests and work as a team to load the boats. You will be amazed how quickly camp can be taken down when everyone works together. Need help? Just ask! If your physical abilities limit your capacity to lift and load, that’s no problem either. Throughout the morning, the guides will prepare you for the day ahead and the adventure that lies around the bend.

Once the gear is loaded, you are welcome to hop aboard our sturdy and reliable S-Rig rafts and get ready for some thrills. After breakfast, the typical day begins with a few hours of rafting and rapids. If you are ready to get up close and personal with those waves sit towards the front of the raft or in the “bath tub”. If you prefer a more mellow experience sit towards the back near the boatmen in the “tea room.” Either way these rapids will amaze you with their enormity and awesomeness.

Trips usually stop every few hours to discover a pristine swimming destination or get a bit more active with a side canyon hike. Some of the hikes are more strenuous than others, but your thoughtful guides will make you aware of what is to come. Many of our guests’ favorite parts of the trip are the destinations at the end of some of the side hikes. After some fun in the morning, lunch will be served picnic style on a sandy beach where you can eat, relax and enjoy the sights.

After lunch, there is more exploring to do and likely some more thrilling rapids ahead. At the end of a day filled with adventure, you’ll pull into camp in the early

afternoon so as to provide ample time for relaxation. Form a duffel line to unload the boats, then you are off to set up your own camp. There will be demonstrations of camp setup on the first evening but you will be responsible to set up on subsequent nights. Relax and enjoy the sounds of the river, play on the beach or kick back with a good book as the guides prepare appetizers for you to munch on before dinner.

The food on our river trips is excellent and well rounded. Dinner is often a highlight of the day with entrees such as fresh fish, grilled steaks or barbecued chicken breasts. Vegetarian and other options will be accommodated to the best of our ability just make sure to discuss it with our office staff when making your reservation. Leave room for dessert, though, because our Dutch oven cakes and brownies will blow you away.

After dinner it’s off to your camp where our comfortable sleep kit—ground cloth, camp cot, sleeping bag, sheet and pillow—awaits. Get a good night’s sleep. There are more thrills tomorrow and daybreak comes early!

VISITOR'S ACKNOWLEDGEMENT OF RISK

In consideration of the services of HATCH RIVER EXPEDITIONS, INC, their officers, agents, employees, and stockholders, and all other persons or entities associated with those businesses (hereinafter collectively referred to as "HATCH RIVER EXPEDITIONS"), I agree as follows:

Although HATCH RIVER EXPEDITIONS has taken reasonable steps to provide you with appropriate equipment and/or skilled guides so you can enjoy an activity for which you may not be skilled, we wish to remind you that this activity is not without risk. Certain risks cannot be eliminated without destroying the unique character of this activity. The same elements that contribute to the unique character of this activity can be cause of loss or damage to your equipment, accidental injury or illness or, in extreme cases, permanent trauma or death. We do not want to frighten you or reduce your enthusiasm for this activity, but we think it is important for you to know in advance what to expect and to be informed of the inherent risks. The following describes some, but not all of those risks:

- Heat-related risks (i.e., sunburn, heat exhaustion, heat stroke, dehydration, burns caused by contact with hot objects, and hyponatremia).
- Injuries, damage, or loss incidental to whitewater rafting, including exposure to sun, water, wind, wet surfaces, and turbulence; including the possibility of a raft overturning or a passenger falling from the raft.
- Injuries, damage, or loss incidental to hiking and camping in backcountry areas; including slips, falls, and contact with harmful plants, insects, or animals.
- Unavailability of medical facilities or personnel, evacuation delays due to remoteness of area or circumstances beyond our control.
- Natural disasters such as rock falls or flash floods.
- Travel delays due to equipment problems, natural disasters, adverse weather conditions, or water-flow related issues.
- Infection from air or waterborne virus or bacteria.
- Emotional distress or trauma from any of the above.
- Etc.

Whitewater rapids will be encountered. You can be jolted, jarred, bounced, thrown to and fro, and shaken about during rides through some of the rapids. It is possible that you could become injured if you come in contact with food boxes, storage containers, or other fixed equipment necessary to the operation of the expedition and the outfitting of the raft. Rafts could be turned over and you could be washed overboard. You could slip and fall while hiking in wilderness terrain where trails are generally not maintained, and may involve considerable exposure. Rafts are slippery when wet, and accidents can occur while getting on and off the raft, resulting in damage to equipment or personal injury. Exposure to natural elements can be uncomfortable. Prolonged exposure to cold water can result in hypothermia and in extreme cases, death and accidental drowning.

I am aware that whitewater rafting entails risks of injury or death to myself. I understand that the description of these risks is not complete and that other unknown or unanticipated risks may result in injury or death. I agree to assume and accept full responsibility for the risks identified herein and for those risks not specifically identified. My participation in this activity is purely voluntary; no one is forcing me to participate, and I elect to participate in spite of the risks

I possess the following qualifications, which I understand are prerequisites to participation in this activity:

- All minors accompanying me are **8** years old or older.
- I certify that I have no medical or physical conditions which would interfere with my safety, the safety of others, or my successful participation in this activity; or I have informed HATCH RIVER EXPEDITIONS in writing of disabilities or medical conditions that may need special attention or preparations.
- I agree to follow all instructions, rules and warnings, written or verbal.

I certify that I am fully capable of participating in this activity. Therefore, I assume full responsibility for myself, including my minor children, for bodily injury, death, and loss of personal property and expenses thereof as a result of those inherent risks and/or of my negligence in participating in this activity.

Check your Hatch paperwork to confirm your **launch date** (the day your boat leaves from Lees Ferry) and **hike-in date** if applicable (the day you hike down the Bright Angel Trail on a LOWER Canyon trip).

If you are on a **FULL Canyon** or **UPPER Canyon** trip, you are responsible for picking up your beverage order the morning of your launch.

If you are on a **LOWER Canyon** trip, your Hatch guides will pick up your beverage order and load it on your boats on the launch date. (Keep in mind this is a few days **prior** to your hike in date.) You will have access to your beverages once you reach the raft. **Make sure to inform Hatch that you have submitted a beverage order.**

NOTE: Beverage transactions are between the guest and Cliff Dwellers Lodge. If you change or cancel your trip with Hatch, it is your responsibility to inform Cliff Dwellers Lodge.
